IF YOU could buy \$20.00 bills for a copper cent the opportunity would mean nothing to you if you didn't have the CENT. Having the ready cash and the judgment to use it at the opportune time is the sure road to wealth. But remember that it takes both the judgment and the cash to make a winning team. Judgment without cash is helpless. Cash without judgment is soon scattered. Start a bank account. Begin to lay aside the important thing, CASH. As you accumulate it judgment will come with it. Then when opportunity knocks you are safe in opening the door. We invite you to open an account with us today.

HUNTERS SHOOT TWO WOLVES. CALUMET WOMAN'S CLUB.

While Hunting Reports in Woods, Dogs are Attacked by Pack.
Peter Wolske, aged 29 and John Wolske, aged 17, both of Tamarack, and a very thrilling experience while hunting wolves near Aurora this week. Their dogs were attacked by a pack of six wolves and for a time it appeared it would be impossible for the hunters to save their dogs. After two of the wolves had been shot, however, the others made a hasty retreat. Both animals were killed with bullets and no shot.

The hunters returned the notes of the wolves they killed at the office of the county clerk yesterday, and receiving the state bounty of \$20 and the county bounty of \$25, making a total of \$45 for the two wolves.

It is reported that wolves have been seen numerous in some parts of Keweenaw county this winter and believe that some of the hunters have seen the first two hunters have come in contact with these animals.

CHAPMAN FUNERAL SUNDAY.
Mrs. John Chapman, 122 Tamarack street, LaCrosse, Wis., received a letter from her husband, informing her that he will arrive here tomorrow from Vancouver, B.C., accompanying the steamer of his son, Stanley Chapman, who died on this city Tuesday evening after an illness of several days. The funeral services will be held Sunday at 2 o'clock.

Funeral services will also be held for Mrs. Mary Erickson, formerly of Calumet, who has been employed for the past five months in the Great Northern railroad office. Mr. Erickson will take a vacation with her at this time in Laurium, and return to his home.

EX-JUSTICE IS UNDER ARREST

N. J. Weycker of Ahmeek Charged
With Making Threats

Nicholas J. Weycker of Ahmeek, an ex-justice of the peace, was placed under arrest this week on the charge of having made threats to kill one D. J. Kennedy, a member of the Keweenaw county squad of mounted police. He was arraigned before Justice Medlyn, his successor in office, and furnished a bond of \$2,000 for his appearance on March 6 for hearing. Weycker entered a plea of not guilty. Special Prosecutor George Nichols probably will have the case for the people.

Weycker is now manager of the federation store at Ahmeek. A short time ago he made complaint against Kennedy, charging assault. The latter waived examination and was bound over to the next term of circuit court for trial. Now Kennedy claims Weycker accosted him this week and made a number of threats.

Due to the inability of Joseph Caplan, the complaining witness for the prosecution to make a positive identification of the offender, the case of Clarence A. Rodgett, one of the Keweenaw Mounted Police members, charged with assault and battery, was this morning dismissed by Justice Jackson. The plaintiff admitted he was under the influence of liquor at the time, although he protested his innocence.

Prosecuting Attorney Lucas and Assistant W. J. McCormick are making arrangements to resume the hearing of Justice court cases begun before the recent circuit court activities, but which have been continued from time to time because of the pressure of other business. There are several such cases pending in the court of Justice Armit and some of the other local courts. It is planned to dispose of all hearings before court sessions are resumed in about three weeks.

WILL PLANT MANY FISH.

State Fish Commission Will Distribute
29,000,000 Fry.

That the lakes and rivers in the upper peninsula will be well supplied with game fish for the anglers in future years, is evident from reports from Harry H. Marka, superintendent of the Soo fish hatchery. Millions of fry that are now in the hatchery will be placed in lakes and rivers in this region the coming spring, under direction of the state fish commission.

The greater number of the fish to be planted are white fish and lake trout, which will be distributed in Lake Superior, Huron and Michigan. In St. Mary's River at the Soo, 100,000 and 100,000 brook trout will be distributed among the streams of the upper peninsula.

A law which went into effect Jan. 1, 1913, prohibits the catching of bass or rockfish unless a license, costing \$1, is first procured.

X-RAY CLUB MEETING.

The Calumet X-Ray club held its regular semi-monthly meeting in the Y. M. C. A. lecture room last evening, the feature being a debate on the subject, "The United States Government Should Own and Control the Telegraph and Telephone Services." The affirmative side, represented by George Piller and Arthur Erickson won the verdict over the negative side, represented by J. V. Chapman and Curtis Dunstun.

PLAN MILITARY TOURNEY HERE

Engineers Suggest Novel Program for July Fourth

An encampment of the copper country branches of the state militia and naval reserve together with the mounted police divisions of Houghton and Keweenaw counties, and the participation by these bodies in a grand military tournament, is the plan proposed by the officers and members of the Calumet Engineers and which will shortly be submitted to the organizations mentioned and to the Red Jacket and Laurium municipal authorities for the observance of the Fourth in Calumet. The co-operation of all of these bodies is urged to make the 1914 celebration the most novel, most sane and most enlightening that has ever been attempted in this section. The Engineers are enthusiastic over this plan and look for equal interest and assistance from the Portage Lake military people. Inasmuch as months of preparation will be required, it has been decided to launch the project early.

It is proposed that the tournament be held in the Colosseum or in one of the local parks, in connection there would be a military pageant that would replace the time honored Fourth of July parade and a program that would be full of novelty.

John Johnstone, physical director of the Calumet Y. M. C. A. and formerly of British navy, where he participated in several such spectacles, first broached the plan, and has agreed to assist to the fullest possible extent.

The program would be an extended one, taking up practically the entire day. The Engineers would pitch a miniature military camp, build and destroy bridges, construct roads, demolish railroad tracks, dig entrenchments and altogether provide an interesting program. An exhibition of Butts manual, scaling ten and twelve foot walls without props or ladders, pyramid building and similar features would be assigned to the Houghton Infantry and the naval reserves would give an exhibition with their two field guns and like wise knot tying, rope climbing and similar training. For the mounted police would be an exhibition of bareback riding, lance drill on horseback, sabre practice, lance fencing, signal work and a cavalry charge. Such a program would undoubtedly be of great interest.

BASKETBALL FRIDAY.

The Lake Linden basketball team will come to Calumet Friday evening to meet the fast Y. M. C. A. team in the Calumet gymnasium. A good game is in prospect. The Calumet Y. M. C. A. team is in splendid condition and likely will be in the running for the upper peninsula championship. Lake Linden has a strong team this year and despite the fact the team will be at a disadvantage in playing on a strange floor, a good showing is looked for.
